7. TIME AND COMPLETION

Time is of the essence of this Subcontract. Subcontractor shall start and complete its work under this Subcontract in accordance with such reasonable schedules set forth by Contractor. If Subcontractor should neglect to prosecute the

work diligently and properly, or fail to perform any provision of this Subcontract, Contractor, after three (3) days written notice to Subcontractor may, without prejudice to any other remedy Contractor may have, make good such deficiencies and deduct the cost thereof from payment then or thereafter due Subcontractor. Subcontractor will not interrupt or delay its work for Contractor because of any dispute with Contractor, but will continue to work diligently to completion unless otherwise notified by Contractor in writing. Notwithstanding the foregoing, the Contractor and Subcontractor agree to cooperate with each other with respect to the establishment of a reasonable schedule for Subcontractors work.

8. DEFAULTS AND TERMINATION

Subcontractor will be given a reasonable time following written notice from the Contractor to cure before Contractor takes over Subcontractors work.

Contractor may also terminate Subcontractor work at any time and for any reason. In the event the Contractor terminated this Subcontract, Subcontractor shall discontinue placing orders for materials and make reasonable effort to discontinue all existing orders. Subcontractor shall not be entitled to any additional compensation or damages from the date of such termination. 15. DISPUTE RESOLUTION

While the parties are both entering into this Subcontract in good faith, the parties understand that conflicts in any relationship can arise. Traditional methods of dispute resolution involving a legal action filed in court are often lengthy and costly, and rarely provide an efficient means for actually solving the problem. Therefore, the parties agree that it is best to settle any dispute arising under this Subcontract outside of the court room. Accordingly, this section sets out the remedies available to each party should a problem develop under this Subcontract and both parties specifically acknowledge that the terms of this section requiring mediation and arbitration are in the parties' best interests. Additionally, the parties specifically acknowledge the fact that under this Subcontract both parties waive their right to file an action in court and waive their right to a trial by jury for any dispute that may arise under the terms of this Subcontract. Any dispute that arises between the parties shall be immediately submitted to mediation. The parties shall select a single mediator who is knowledgeable about construction matters. The mediation session shall be held within 20 days after it is demanded by either side. If mediation fails, arbitration shall be conducted, each party to select an arbitrator and the two so selected to appoint a third arbitrator who shall chair the arbitration committee. The dispute will be heard expeditiously and informally, and the decision of the committee shall be final and binding. The parties shall share equally the cost of the mediation or arbitration as incurred. However, the prevailing party in any arbitration or court proceeding related to this Subcontract shall be entitled to payment of reasonable attorney's fees, costs, and expenses, including costs of mediation and arbitration.

16. VENUE AND JURISDICTION

This Subcontract is entered into by the parties in Gallatin County, Montana, and the laws of Montana shall govern. Any mediation, arbitration or court action arising from this Subcontract shall be filed and proceed in Gallatin County, Montana.
